

## Unique Features of Bamboo

### **100% Solid**

All our bamboo products are 100% solid bamboo – just pure and natural.

### **Eco-Friendly**

Bamboo is a sustainable and easily renewable natural material which absorbs carbon emissions and is ideal for green building.

### **Beautiful, Classy & Different**

Our bamboo adds elegance and beauty to any environment. It's strength and quality outshines all its competitors.

### **Anti-Bacterial & Hypo-Allergenic**

Bamboo is naturally anti-bacterial which is essential for any environment as well as being naturally hypo-allergenic which means less allergic sensitivities making it ideal for The Hospitality Industry.

### **Durable, Strong & Hard Wearing**

Bamboo is naturally a very hard wearing, tough material.
